The screenshot shows a web browser window with the URL as2.yangming.com/ils/login.jsp. The browser's address bar and tabs are visible at the top. On the left, a sidebar menu lists various modules, with 'Booking Request Management' highlighted in yellow. The main content area on the right features a large warning message: 'Adobe Flash Player is no longer supported'. Below this, there are two sections: 'Introduction' and 'User Manual', each with a brief description and a list of links. The 'Introduction' section describes the DGMS purpose and lists links for 'Introduction', 'User Manual', 'FAQ', and 'Contact Us'. The 'User Manual' section lists links for 'The manual of DGMS management', 'The manual of Gateway', 'The Blank list of Shipper', 'Q&A (Chinese Version)', and 'Q&A (English Version)'.

Introduction

The DGMS purpose is to build the radical information of the standard guide to dangerous goods and marine pollutants in sea transport. Manufacturers, packers such as road and rail and port authorities will find authoritative advice on class, stowage, segregation, packing, labelling, terminology and emergency response. HGM12, HQ DG control management in ILIS, and Agent control management.
